NO! THIS NOVEL IS NOT ABOUT AMISH, 1800'S, DRAGONS, SERPENTS, SCI-FI, OR ROMANCE!

Love, strife, anger, doubt, forgiveness, faith fill this modern day coming of age story.

Book shelves are filled with Amish stories, 1800's era stories, Dragon & Serpent stories and romantic novels! Les Graham has hit a home run with his novel 'Jude's Gentle Giants.' This novel is modern day, with a normal high school young man full of dreams of Percheron draft horses and the struggles of faith, family, and coming of age in rural Minnesota.

"Strong family with modern time struggles was my main priority with this novel. I wanted to show that it can exist outside the Amish and 1800's circles. My test readers old and young have agreed, I've achieved my goals." Les Graham / author 'Jude's Gentle Giants'

How does Jude handle starving colts, training colts, bitter cold winters, money, barn rats, ice hockey, spiritual battles, bullies, faith & forgiveness?

Les Graham, of Belgrade MN has owned Percherons for 25 years. Pete and Joe owned by Les are the 'Gentle Giants' in this story and Les trained them.
